

Pro Fisha 575

The Pro Fisha 575 is the longest and fastest kayak in our complete fishing kayak range. This beauty was designed with pure speed in our minds. We wanted to make the fastest, best gliding kayak, ideal for not only chasing those fast moving pelagic fish but also for those anglers who like to cover long distances while fishing.

The PF 575 was cleverly designed using CAD and CNC technology. Many many hours of design and thought were put into what we feel is our all round best performing speed machine. In order to make this kayak light and manageable we have used only the best epoxy based resin systems and specialised materials.

This kayak is also the longest Pro fisha in the range and is best suited to the angler under 110 kg's. Being designed for a speed it is a slightly narrower kayak than our Fisha range and it does make her a little less stable. If stability is not your worry, you want the speed and love the extra performance this one gives you, then look no further than the 575 for the fastest best gliding kayaks from Stealth.

Best Feature:	Speed & Performance
Conditions:	Freshwater and Open Ocean
Length:	5.75m
Width:	0.605m
Weight:	26kg
Max Angler Weight:	110kg
Capacity:	165kg

Stability:	★★★★★☆☆☆☆☆
Speed:	★★★★★★★★★★★★
Glide:	★★★★★★★★★★★★
Manoeuvrability:	★★★★★☆☆☆☆☆
Surf Ability:	★★★★★☆☆☆☆☆
